**Between the 24th of Dec and the 10th of Jan 2010:**

we will still be open; however, we will go down to a minimum number of staff on skeleton hours – just so that everyone in our team can spend time with their families too. Sian will be available in the Red Hill salon (33697827) and Nadine will be available in West End (38465636) from 10am to 6pm each day by appointment.

**Styling Trends for 2010**

Nadine has been chosen, yet again, to represent the Wella High Hair styling range in a series of seminars throughout 2010. In preparation for this, she has been researching the future global trends in styling, and has come up with four distinct new looks. While these looks have been shot in a gorgeous photoshoot recently, they remain top secret. However, don't worry, the Rokstar team will be the first to learn these new techniques before Nadine tours the country next year!

**Nadine's tip for summer styling:** use **Ocean Sprizz** seasalt spray in damp hair and braid for cool hair during the warm day. Then, shake it out and fix with **Finishing Spray** for effortless evening waves.

**Gift Vouchers**

Searching for the perfect treat? Want to spoil someone special? We can design the ultimate indulgence that is catered to your budget. To make your loved one feel amazing we promise to go the extra mile by including such extras as a complimentary hand massage and glass of wine. Xmas treats can start for as little as \$19.50 for the perfect brow sculpting. Ask us for help today.

**Menu changes**

From the 1st of January 2010 the hairdressing industry will be undergoing radical reform, which will signal some great improvements for our team. In order for this to be successful, there will be some small increases in our menu for the services of experienced stylists and more complicated colour services. Many clients will not notice any change at all.

To help offset these changes we have made the following options available:

1. Why not try a less-experienced cutter? We don't allow our team members to cut your hair until they are ready, and they'd love the opportunity to show you what they're capable of, and, you save money!
2. Come in **between 9am and 4pm Monday to Friday for a 5% discount!** Get in before penalty rates kick in and you'll reap the rewards.
3. Join our **Rokstar VIP Club**, but be QUICK! This is limited to 50 people per salon. **For only \$59** you'll receive a plethora of rewards, and you may save over \$500 per year – ask us how.

**Staff News**

Sian is back to uni full time! It is with mixed feelings of sadness and love that we will be saying goodbye to Sian from our Red Hill salon on the 16th of January 2010.... Get in quick before she goes! Sian has been a very valued part of our Rokstar team, a fabulous mentor, and a wonderful friend. We wish her all the best for the future and cannot wait to see her in the salon as..... A CLIENT!

Please be assured that Sian will recommend the perfect stylist/colourist combination for you before she goes – she's busy updating all of her clients' files right now!

**Our Xmas Party**

We love to get in early, and party in November, so that we're ready to rock for Xmas. This year we all went to Dracula's on the Gold Coast and had an absolute ball! Our pregnant Tarago driver had trouble reaching the floor, the music was something called Remixed R&B (whatever that is), and the blue Cauldron cocktails were deadly. It was a fantastic night, that spanned across a couple of days for some of us.

**NEW!!! Moroccan Oil**

Moroccan oil is a revolutionary new product that is being hailed in beauty magazines such as Lucky, InStyle and Glamour. It is being used in fashion shows and at celebrity events such as the Emmy's. Celebrities such as Salma Hayek, Katy Perry, Renee Zellweger, Debra Messing, Taylor Swift, and Kyra Sedgwick have all used MoroccanOil, and we know you'll really love the benefits of trying it on your hair. Only available in our Red Hill salon...
