

Nadine's Bridal Collection for 2012

A collaboration with amazing designer, **George Wu**, this collection pays homage to revolutionary women with ethereal beauty. It's 1790s meets 1970s, down to the powdered hairlines and melancholy texture. The collection has just been submitted to hair and beauty magazines worldwide, and if the success of the last collection is anything to go by it will be seen in at least a dozen international journals.

David's Creative Shoots

David has also been busy producing elaborate and ornate hair during his spare time. His latest collection, called "Woodlands" is grounded in the earthy nature of beauty.

Welcome to Renee

We're very excited to have Renee join our Red Hill team! Renee is a qualified hairdresser with excellent skills. She loves make her clients smile, and is looking forward to a long-term career with our team. She has recently moved to New Farm, with her family, from Perth and she loves the Queensland sun.

Swap!

Our two salon managers are changing teams! **Niki** and **David** will be swapping salons from the 6th of February in an effort to ensure consistency across both salons. Both David and Niki will be helping each other to strengthen the Rokstar group as a whole across our skills training, client care, hygiene, and also team building. We're very excited about the swap, and hope you are too. If you have any concerns about who is the best in our team to care for your hair this year, email Nadine personally: nadine@rokstar.com.au

VIP night – yippee!

Very soon our **VIP clients** will be invited to a **makeup class** in the West End salon. There'll be bubbly and cheese, and a great lucky door prize, and Nadine will take us through the latest techniques step-by-step.
